

WEM Equity US

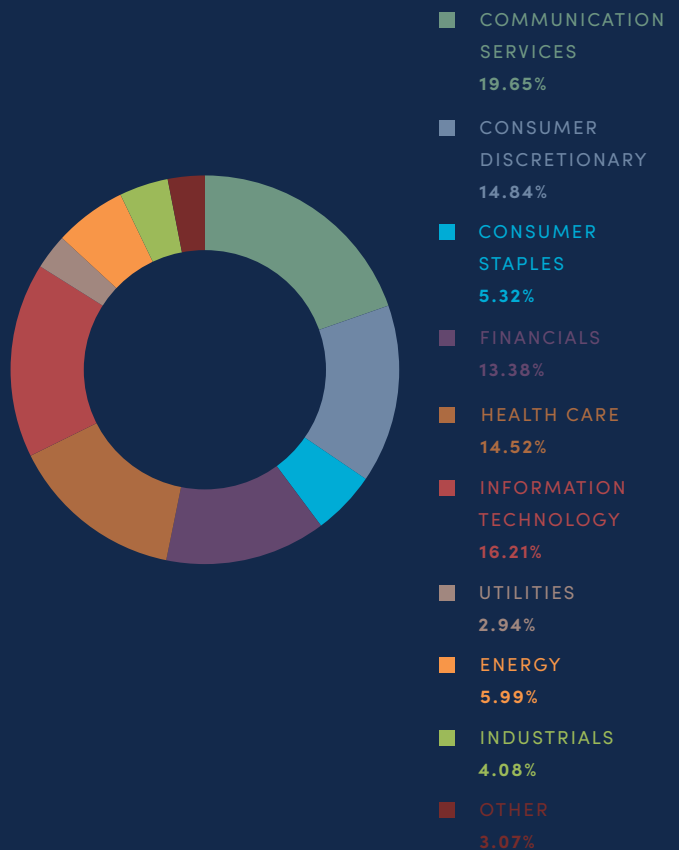

as of 28.06.2024

Asset class	Currency	Target return	Horizon
Equity	EUR	> 10% p.a.	5 years +

Strategy overview

The strategy allows to invest in the largest US companies with long-term growth potential that is expected to exceed the benchmark results. Companies are selected primarily through the fundamental analysis combined with complementary methods to achieve the most optimal portfolio structure, taking into account current market sentiment and expected trends. Portfolio value is being driven by capital gain, dividend yield and changes in the currencies' value.
