

WEM Equity US

as of 31.12.2024

Asset class	Currency	Target return	Horizon
Equity	EUR	> 10% p.a.	5+ years

Strategy overview

The strategy allows to invest in the large and high quality companies with long-term growth potential that is expected to exceed the benchmark results. Companies are selected primarily through the fundamental analysis combined with complementary methods to achieve the most optimal portfolio structure, taking into account current market sentiment and expected trends. Portfolio value is being driven by capital gain, dividend yield and changes in the currencies' value and relative currency movements.
